

Michigan Department of Environmental Quality - Water Resources Division  
**STORM WATER DISCHARGE PERMIT APPLICATION**

**Table 1 - Outfall and Point of Discharge Information**

An identification number shall be provided for each outfall and point of discharge. Please note that the latitude and longitude is not required as part of the application. When entering a point of discharge, the receiving water is the point where the storm water enters a surface water of the state. The following definitions apply to these terms:

- **Outfall** means a discharge point from an MS4 directly to surface waters of the state
- **Point of Discharge** means a discharge from an MS4 to an MS4 owned or operated by another public body.
