

2018 PASER Road Evaluation Summary

MACC Area Federal-Aid Roads

Background on PASER

-Pavement Surface Evaluation and Rating (PASER) is a visual survey of the condition of the surface of the road. It rates the condition of various types of pavement distress on a scale of 1-10. This system is used by most Michigan road agencies.

The MACC, in partnership with MDOT and the local road commission, annually rate our area's Federal-Aid roads. We are responsible for reporting the condition of 50% of our roads every year; therefore MACC rates Ottawa County one year and Allegan County the next.

Submitted ratings help identify and prioritize future road resurfacing projects.
