

## Green Commute

### School Challenge

Tuesday, May 16 &  
Wednesday, May 17, 2017

Green Commute is: A community event promoting alternative transportation, including: Biking, Walking, Sharing a ride/ carpooling, Riding the Bus or using Public Transportation.

On May 16 and May 17, 2017 the Green Commute Planning committee is challenging local schools to promote Green Commute and compete against other local schools to see who is the most Green!!

Schools that participate will receive a special gift for every student. Every student who utilizes alternative transportation on May 16 and May 17, 2017 will count as 1 point each day and the school that has the highest percentage of participating students will receive an award for the school showing their participation and dedication to promoting a more "Green" community.

Congratulations to West Ottawa Public Schools Lakewood Elementary for winning the 2016 School Challenge.
