

Register For | MARCH 12-13 THE IAN LOCKWOOD SERIES

You're invited to join Ian Lockwood PE, a nationally recognized leader in sustainable transportation and urban design, for a series of informative events that will be both informational and inspiring. Through a blend of theory and case studies, you will learn how to translate your community vision and values into meaningful actions in terms of economic success, quality of life, and multimodism to create more walkable, bikeable, and transit-friendly communities.

Beneficial for:

- County & Local Officials
- Real Estate Developers
- Planning Consultants
- Community Foundations
- Engineering & Architectural Firms
- Road Commission Staff
- Cycling and Pedestrian Groups
- Involved Citizens; and more!

March 12

6:00pm—8:30pm

Cost: \$20 (pizza dinner is included)

Location: [New Holland Brewing](#)

A Casual Evening With Ian

Join Ian in a dinner conversation about walkability, social and economic change, and evolving streets into people and business-friendly places to create vibrancy.

March 13

8:15am—11:30am

Cost: \$25 (breakfast included)

Location: [Maas Auditorium, Hope College](#)

Enjoy lunch on your own at one of Holland's great restaurants

Good Inputs, Design & Outcomes

Ian will discuss modern transportation language, how to recognize and address competing transportation concepts, and how to create authentic character in your community.

March 13

1:30pm—4:30pm

Cost: \$25

Location: [Maas Auditorium, Hope College](#)

Making it Real & Sharpening Your Tools

From site design guidelines to street plans, learn ways to get developments, streets, open spaces, and people to work together towards a shared vision.

Attend **BOTH** March 13 Sessions For Just \$40. 5 AICP Credits are available for an additional \$20.
